“Solutions to Plastic Pollution”

Chief Patron
Shri Alok Kumar
Principal Secretary to Govt. HED

Sri Pratap College, Srinagar is the oldest, premier and pioneer college of Higher Education in Kashmir. It was established in 1905 A.D. and has been providing quality education since then. Presently the college is acting as a specialized institution in imparting Science education at Undergraduate and Postgraduate levels.

Patron
Prof. (Dr.) Yasmeen Ashai
Director Colleges, HED

About the Department of Environmental Science

S. P. College, Srinagar has the distinction of being the first and foremost institution in starting courses in Environmental Science. It can be attributed to the visionary and leadership character of the administrators and faculty members of the college and that's why presently the college has become a primary hub of Environmental Science in Kashmir. The Department of Environment and Water Management was established in 1996 and subsequently the P. G. Department of Environmental Science was established in 2003. The twin departments are presently offering the following courses.

- Five year integrated P. G. Course in Environmental Science
- Two year P. G. Course in Environmental Science
- Environmental Science as a core subject at undergraduate level
- Environment and Water Management as a core subject at undergraduate level
- Skill Enhancement Course in Water Resource Management
- Skill Enhancement Course in Water Quality Analysis
- Skill Enhancement Course in Vermi-technology
- Ability Enhancement Course in Environmental Studies

About World Environment Week

World Environment Day is the biggest **international day** for the environment, led by the United Nations Environment Programme (UNEP), and is held annually since 1973. It has grown to be the largest global platform for environmental outreach. It is celebrated by millions of people across the World. This year's World Environment Day is hosted by **Côte d'Ivoire** (Ivory Coast) in partnership with the Netherlands. This year the theme of the day is "Solutions to Plastic Pollution" under the campaign #BeatPlasticPollution. World Environment Day-2023 is a reminder that people's actions on Plastic Pollution matters. The Steps governments and businesses are taking to tackle Plastic Pollution are the consequence of this action. It is time to accelerate this action and transition to a circular economy.

It is time to **#BeatPlasticPollution**.
